

Registered 2017 FAV Summit attendees are invited to submit up to two posters detailing a project or research related to automated, connected, electric, or shared vehicles and industries.

Posters facilitate informal discussions between presenters and their audience and provide an intimate forum for exchange of information and ideas. Well-constructed posters will be self-explanatory and answer stated questions, allowing the presenter to supplement and discuss particular points of interest. Posters will be judged while on exhibit at the 2017 FAV Summit, and top-rated posters will be given awards. Successful poster presenters are those who achieve coverage and clarity on topics relevant to the 2017 FAV Summit.
