2023 FLORIDA AUTOMATED VEHICLES SUMMIT

Tampa Hillsborough Expressway Authority, Jacksonville Transportation Authority, the Florida Department of Transportation, the Central Florida Expressway Authority, the Miami-Dade Expressway Authority and Floridians for Better Transportation invite you to participate in the 2023 Florida Automated Vehicles (FAV) Summit on September 6 - 8, 2023.

Florida's leaders have been at the forefront of recognizing the profound impacts of automated vehicle technologies on the existing transportation network and its supporting infrastructure. Political and governmental support facilitates Florida as a proving ground for these emerging mobility solutions.

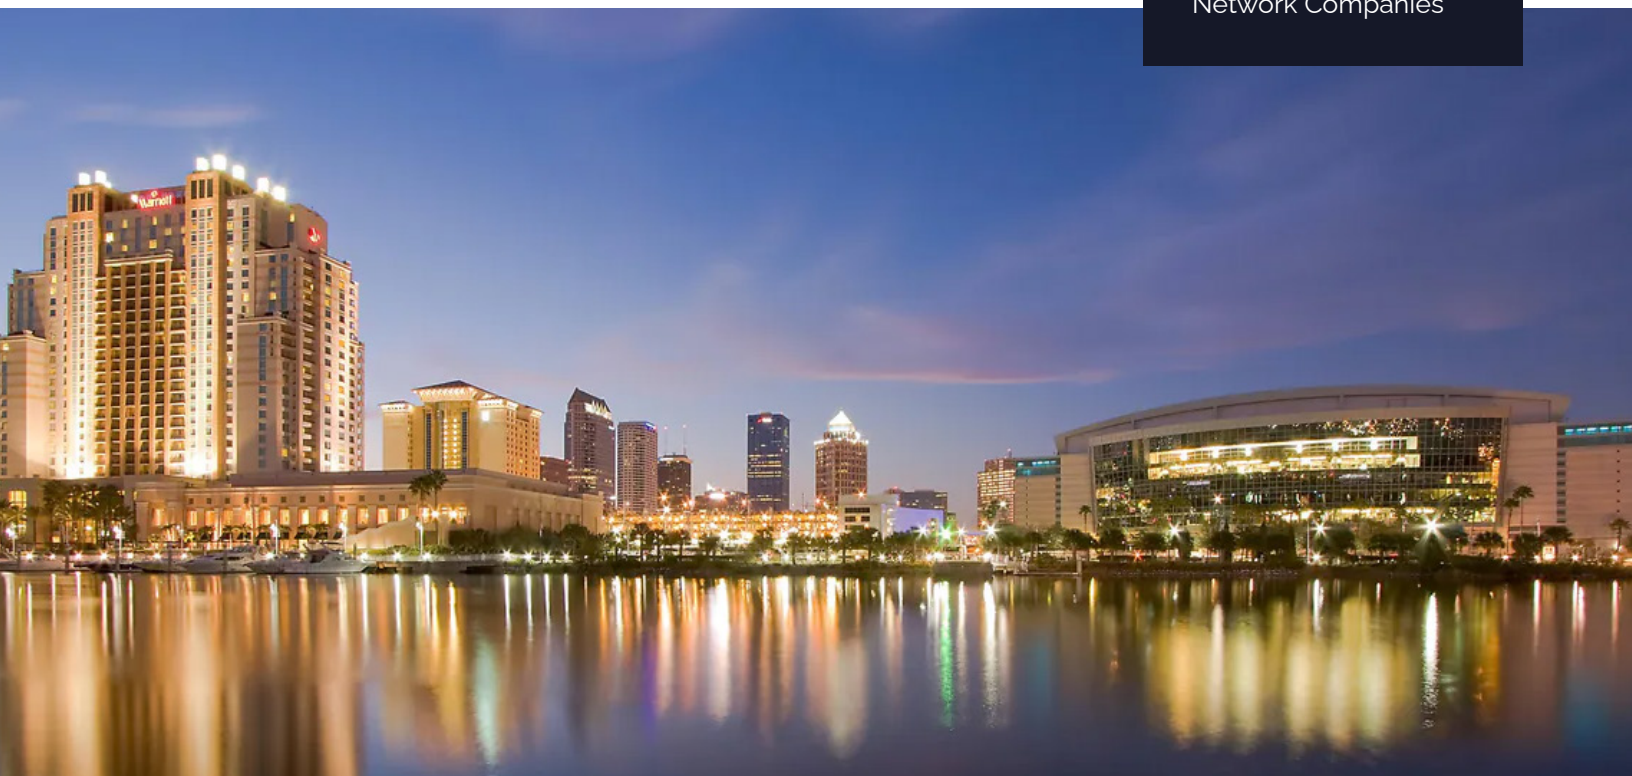

Nationally-recognized experts are being called upon to discuss the state of the industry, early implementation opportunities, and challenges to be addressed to successfully integrate automated vehicles within the existing transportation network and to proactively engage the industry and stakeholders in understanding the impacts that these technologies will have in real-world conditions.

The FAV Summit will focus on Automated, Connected, Electric, and Shared (ACES) technologies.

Sessions, exhibits and demonstrations at the Summit will further stakeholder knowledge, partnership opportunities, and technical advancement by proactively engaging the industry and stakeholders to understand the impacts that these technologies will have in real-world conditions.

With the focus on Automated, Connected, Electric, and Shared (ACES) technologies, the opportunity for vendors to demonstrate their latest developments in secured, open areas and on public streets has been greatly expanded!

This is a unique opportunity to get in front of a targeted audience to demonstrate how advanced emerging technologies for innovative transportation can be incorporated into existing planning and operations.

We are excited to offer both a closed course demonstration area in a large parking lot immediately adjacent to the conference rooms, as well as a dedicated pick up/drop off area for demonstrations able to be shown in mixed traffic.

A **\$1,500 demonstration fee** will be required to secure demonstration space for the Summit.

For more information and to secure a demonstration space, please contact:

Registered 2023 FAV Summit student attendees are invited to submit a poster detailing a project or research related to automated, connected, electric, or shared vehicles and industries.

Posters facilitate informal discussions between presenters and their audience and provide an intimate forum for exchange of information and ideas.

Well-constructed posters will be self-explanatory and answer stated questions, allowing the presenter to supplement and discuss particular points of interest.

Posters will be judged while on exhibit at the 2023 FAV Summit, and top-rated posters will be given recognized. Successful poster presenters are those who achieve coverage and clarity on topics relevant to the 2023 FAV Summit.

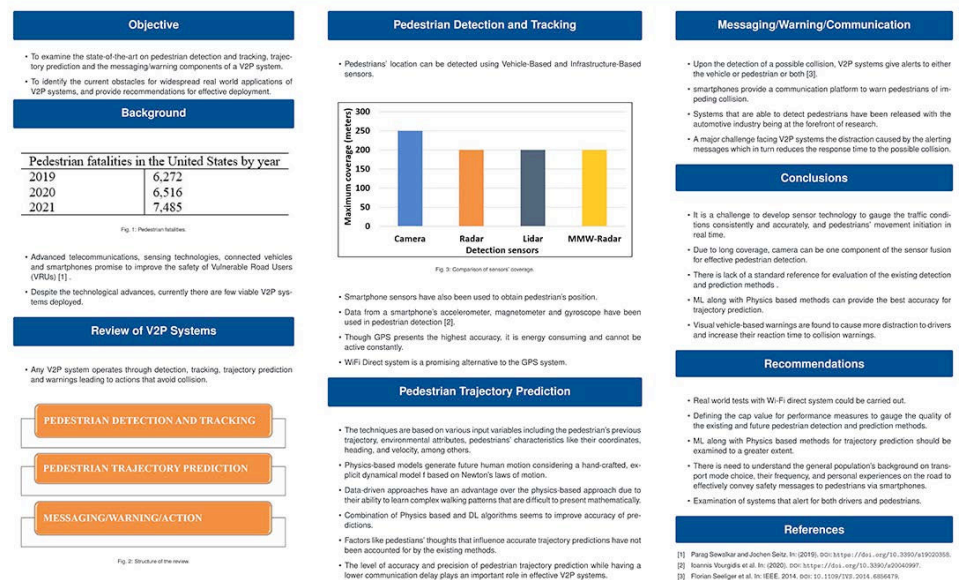

Requirements

- Poster dimensions must be 40" x 30" and in landscape orientation.
- Posters must be printed on semi-gloss paper and mounted so they can be placed on an easel. Easels will be provided.
- Company or project information and contact information must be included on the poster.
- Bring your poster to the Summit for setup by 11:00am on Thursday, September 7, 2023.
- Be prepared to present and answer questions concerning your poster on Thursday, September 7, 2023, from 6:15–8:00 pm during the Summit poster session and reception. You must be present for poster judges.
- If you need to keep your poster, please take with you by noon on Friday September 8, 2023.
